Xitron Offers Additional Workflow Training Videos on the “XitronInfoChannel” on YouTube™

Features PDF Tools and Ink Remapping Tutorials

Ann Arbor, Michigan – January 27, 2010 – [Xitron](#), the prepress industry's leading independent developer and integrator of Raster Image Processors, RIP management and prepress workflow software today released additional workflow videos on the [XitronInfoChannel](#) on the popular video sharing service YouTube covering best practices for the Navigator workflow PDF Tools and ink remapping modules.

The *XitronInfoChannel* offers a variety of content including product demonstrations and overviews as well as instructional videos to help users become more productive with their Xitron workflow solution.

The [Navigator Learning Series](#) features a variety of tutorials on topics including:

- Building a simple workflow
- Linking workflows
- Editing an existing job
- Using the copy action
- Introduction to PDF Tools
- Ink remapping utilization

“The response from users to the *XitronInfoChannel* on YouTube has been extremely positive,” stated Mark Eisenschenk, Xitron's President and CEO. “The videos allow Navigator workflow users to further enhance productivity in their prepress operation.”

Users may subscribe to the *XitronInfoChannel* on YouTube by visiting YouTube and creating a free account. Notifications of video uploads will also be posted to Xitron's Fan Page on Facebook®.

About Xitron

Xitron develops advanced workflow systems and interfaces to drive the prepress industry’s most popular new and legacy output devices, prolonging our customers’ investments. Xitron’s Navigator RIP, Raster Blaster TIFF Catcher, and Xenith Workflow solutions are recognized as pre-press standards. Built around core technology from Global Graphics and Adobe Systems, Xitron engineers continue to develop solutions for the graphic arts market, driving over 250 different models of imagesetters, proofers, platesetters, and digital presses. With shipments of more than 20,000 RIPs, Xitron is the largest independent provider in the market. For more information about Xitron, visit us at www.xitron.com.
