VGI Europe Announces Partnership with L&M Imaging at Ipex 2010

Debuts premier Elite advanced workflow solution based on Harlequin RIP technologies

Cheltenham, Gloucestershire – 7 April 2010 – [VGI Europe](#), the sales branch of Vanguard Graphics International that sells and services Xitron RIP and workflow solutions in Europe, Africa and the Middle East, today announced a partnership with L&M Imaging Systems Limited who will be demonstrating advanced workflow solutions based on the Harlequin RIP technologies at the Ipex 2010 show 18th – 25th May at the NEC in Birmingham, UK.

Highlights of the exhibit include the [Navigator Elite workflow](#) with standard features designed to automate and improve productivity in prepress departments, including:

- Navigator Harlequin RIP
- Navigator Workflow Server with 3 clients
- Integrated PDF Tools including PDF Creation and Preflighting
- Ink Remapping
- Integrated Imposition with Dynagram inpO2 Basic
- Scriptable Hot Folders
- Raster PDF Proofing
- KeySetter Connect
- ROOM Proofing

Navigator *Elite* Workflow is a fully featured prepress workflow solution for commercial and in-plant printers. This is the premier workflow solution in the widely acclaimed Navigator GPS family. An exceptional tool for job tracking, load balancing, PDF creation, preflighting and automated job preparation; Navigator *Elite* Workflow includes features and capabilities that further increase the productivity of the prepress department.

Navigator GPS 8 incorporates Harlequin core RIP technology from Global Graphics Software along with Xitron's widely adopted Navigator Workflow Server.

Navigator GPS 8 includes native support for PDF1.7 and XPS v1.0. In addition, a PDF soft-proofing plug-in option creates a raster PDF of jobs for final client approval.

"VGI Europe is pleased to be working with L&M Imaging Systems Limited to deliver solutions to meet the demands of today's printers," stated Sue Wood, Dealer Sales Manager for VGI Europe. "Our software products offer customers the features and productivity enhancements they need to be competitive in today's market. We look forward to demonstrating these solutions on the L&M Imaging Systems Limited stand 11 3-240 during Ipex."

"Now is the best time for a workflow solution like Navigator *Elite* Workflow," says Tim Clough, Managing Director of L&M Imaging Systems Limited. "Xitron's development team created the perfect solution for today's economic climate; one that combines a dramatic increase in prepress throughput with real cost savings. By continuing to support over 250 existing models of proofers, imagesetters, platesetters, and digital presses, Xitron prolongs the life of capital equipment and still helps printers re-tool for maximum efficiency."

Xitron products are available through a network of OEMs, distributors, dealers, and system integrators worldwide. Xitron RIPs and workflow solutions drive more than 250 different output devices ranging from black and white and color proofers to film imagesetters and the latest in CTP and direct-to-press systems. With shipments of more than 20,000 RIPs, Xitron is the largest independent provider of RIPs in the market. For more information about Xitron products, visit Xitron on the web at www.xitron.com.

About VGI Europe

VGI Europe is the European sales branch for Xitron, Inc. a developer of the well-known line of software products within the software group of Vanguard Graphics International. Xitron develops advanced workflow systems and interfaces to drive the prepress industry's most popular new and legacy output devices, prolonging our customers' investments. Xitron's Navigator RIP, Raster Blaster TIFF Catcher, and Xenith Workflow solutions are recognized as pre-press standards. Built around core technology from Global Graphics and Adobe Systems, Xitron engineers continue to develop solutions for the graphic arts market, driving over 250 different models of imagesetters, proofers, platesetters, and digital presses. With shipments of more than 20,000 RIPs, Xitron is the largest independent provider in the market. For more information about Xitron, visit us at www.xitron.com.
